*Instructional Methods:

- This course is designed to be repeated in multiple, continuous, simultaneous 80 course-hour cycles toward proficiency progression of course state outcomes and student personal proficiency goals as determined in consultation with the Student Services Associate.
- A content-based approach is employed to provide a more natural way to motivate English language learning which accelerates language acquisition when students see a real-world purpose in learning something they are interested in rather than language in isolation. Classes include hands-on practice and drills. Students will complete periodic summary exercises that require application of all skills learned to date which are premised on English language learning while having Apple iMovie content. Each student will create a portfolio of finished output.
- An integrated cumulative skills development methodology increase language retention and fluency by stimulating student to make meaning from a new language through active learning activities. Recorded listening passages build on vocabulary and ideas from background materials and exercises. Students work individually, in pairs, and in small groups on guided, linked activities built around each unit's theme. Instruction will be supplemented with ESL audio and video material keyed to textbook units.
